"I've given thousands of seminars and clinics over the years in countless towns across North America. Turkey hunters today are at a much higher level of knowledge and expertise than just a few years ago. This program answers the most asked questions from turkey hunters everywhere: when, where and how to call and kill turkeys."

Each attendee is eligible to win a Traditions black powder shotgun and a Walker's Game Ear with an admission ticket. All attendees will receive a free, one-year subscription to *Outdoor Guide Magazine* (new subscribers only, please). Eye will be autographing his newest book, "*Practical Turkey Hunting Strategies*" and other great door prizes will be given out during the show.

For directions to the seminar
and/or room reservations
call the Stratford Inn at
